VISION

To be the leading provider in ICT Infrastructure and Electrical solutions locally and globally with the most competent, trained staffs in the field of information and Technology and electrical works/services, while meeting international standard and regulations.

MISSION

To help clients to embrace technology in increasing productivity and cost cutting while protecting vital information assets and consequently avoiding possible risks that may harm their businesses. This will be achieved by meeting our client business requirements through continuous innovation, best –of –breed products and world class services thus adding value and contributing to their success.

OBJECTIVE

- ✓ Build an excellent brand image intertwined with exceptional customer satisfaction
- ✓ Maximize and utilize value addition of goods and services
- ✓ Ensure skill development in our service offering through consistent training of our delivery team
- ✓ Have a well-trained and motivated work force
- ✓ Establish long lasting fruitful relationships with our clients, suppliers and other stakeholders
- ✓ Build beneficial and strategic operational alliances
- ✓ Promote social impact investments through Corporate Social Responsibility

Safety, Health, Environment and Quality (SHEQ)

Globalspec Business Solutions Ltd strives to ensure the **Safety, Health, Environment and Quality (SHEQ)** of its workers as well as the environment they operate in.

As a company policy, no worker is allowed to work on any site without PERMIT TO WORK (PTW) assessment compliance to the work, citing dangers, quality and type of environment he/she is working on. At Globalspec all site supervisors are well trained and tasked with Carrying out Job hazards analysis (JHA) on a daily basis together with risk treatment plan.
